

Faculty & Staff Workshop

E-PORTFOLIOS

DIGITAL COLLECTION CREATED BY A STUDENT

DESCRIPTION

E-portfolio practices are being applied across the curriculum to facilitate, document, reflect upon and showcase student learning. It is a learning tool for students to clarify their educational goals, integrate and solidify learning through reflection, and showcase achievement to potential employers.

In this 60 minute workshop, **Melissa Shaquid Pirie Cross**, Implementation Specialist at PebblePad will introduce us to the following topics:

- What is an ePortfolio?
- Portfolio use in Higher Education
- Current applications of ePortfolio
- Types of portfolios
- The educational and digital geography landscape of ePortfolios
- Folio-thinking Practices (Chen)
- Power of Reflective Practice
- ...

Melissa will also demonstrate the PebblePad ePortfolio platform and some of its current medical applications.
