To get your Meeting Owl Pro ready for your first meeting:

1. Turn your Owl over and plug in the USB cable and power adapter.

Insert the power adapter into the round port on the bottom of the Owl

Insert the USB cable into the rectangular port on the bottom of the Owl

2. Plug the USB cable into the computer where you'll be running your video conferencing software. Plug the power cable into the power supply, then plug the other end into an outlet. When the Owl's eyes stop pulsing and you hear a "hoot," your Owl is ready to use.
